August 29, 1935.

Mr. J.G.Beacham,
Athens,
Ga.

Dear Sir:

In accordance with your request for Boeckh Index Numbers for the city of Athens,Georgia , we are submitting the following as per the local price quotations submitted under date of August 22,1935.

Residences	Frame	61.2
	Brick	66.2
Apartments,Hotels, and Office Buildings	Brick & Wood	65.0
	Brick & Conc.	71.9
	Brick & Steel	74.2
Commercial and Factory Buildings	Frame	58.8
	Steel	84.5
	Brick & Wood	67.7
	Brick & Steel	76.5
	Brick & Conc.	74.0

To make accurate appraisals, we cannot emphasize too strongly the need of checking price changes at regular intervals and of obtaining current index control figures.

For your convenience, we are enclosing additional blank and self-addressed envelope for future requests.

Very truly yours,

E. H. BOECKH & ASSOCIATES

TO: ATHENS BOARD OF ZONING APPEALS

1198 S. Milledge

Gentlemen:

As agents for Collegiate Investments, Inc. P. O. Box 7603-A, Birmingham, Alabama, we respectfully request your decision on construction of an additional wing to the Downtowner Motor Inn located on the corner of Milledge Ave. and Milledge Circle Athens, Georgia.

The proposed addition will consist of primarily motel rental units consisting of approximately 53 in number.

The wing will extend approximately 110 feet in a northwesterly direction and will be approximately 45 feet wide.

The ground floor will be primarily open space for parking and traffic and the three remaining floors will consist of 18 rental units each for two floors and 17 units for one floor.

Exterior appearance will be essentially the same as the existing structure. Total number of rental units will be approximately 124 units in the entire motel.

Parking will be approximately 127 total spaces which are at least one per each room.

Our request is based on the following conditions:

1) Since the original structure was built with a varience in the zoning, we request that the same variance be extended to provide for a new structure.

2) Since the requirements for open unpaved area can be a hindrance to an efficient flow of traffic into and out of the property, we respectfully request this item to be waived.

3) Since approval of the existing parking layout allowed for elimination of the 5 foot Buffer Zone in relation to existing property lines, we respectfully request the further utilization of the western property boundary to extend the existing parking system and the utilization of the northern property boundary to provide an exit drive.

4) Please find enclosed a preliminary set of plans showing the proposed site plan and location of the proposed wing.

Respectfully Submitted,

TERRY DEVELOPMENT CORPORATION
AS AGENTS FOR COLLEGIATE
INVESTMENTS, INC.

STATEMENT OF COMPLIANCE

PAYROLL NUMBER	PAYROLL PAYMENT DATE	CONTRACT NUMBER
1	SEPTEMBER 8, 1978	8-1748

Date SEP 15 1978

I, JOHN L. PALKA (Name of signatory party), FIELD PAYROLL SUPV. (Title) do hereby state:

(1) That I pay or supervise the payment of the persons employed by Chicago Bridge & Iron Company (Contractor or subcontractor) on the 1-40' Ø X 44'-07/8 HWL (Building or work); that during the payroll period commencing on the 27 day of AUGUST, 19 78 and ending the 2 day of SEPTEMBER, 19 78, all persons employed on said project have been paid the full weekly wages earned, that no rebates have been or will be made either directly or indirectly to or on behalf of said Chicago Bridge & Iron Company (Contractor or subcontractor) from the full weekly wages earned by any person and that no deductions have been made either directly or indirectly from the full wages earned by any person, other than permissible deductions as defined in Regulations, Part 3 *(29 CFR Subtitle A)*, issued by the Secretary of Labor under the Copeland Act, as amended *(48 Stat. 948,63 Stat. 108, 72 Stat. 967; 76 Stat. 357; 40 U.S.C. 276c), and described below:*

FEDERAL WITHHOLDING TAX — SPECIAL SAVINGS PLAN

F.I.C.A. TAX

LOCAL TAX

UNION DUES

(2) That any payrolls otherwise under this contract required to be submitted for the above period are correct and complete; that the wage rates for laborers or mechanics contained therein are not less than the applicable wage rates contained in any wage determination incorporated into the contract; that the classifications set forth therein for each laborer or mechanic conform with the work he performed.

(3) That any apprentices employed in the above period are duly registered in a bona fide apprenticeship program registered with a State apprenticeship agency recognized by the Bureau of Apprenticeship and Training, United States Department of Labor, or if no such recognized agency exists in a State, are registered with the Bureau of Apprenticeship and Training, United States Department of Labor.

(4) That:

(a) WHERE FRINGE BENEFITS ARE PAID TO APPROVED PLANS, FUNDS, OR PROGRAMS

[X] - In addition to the basic hourly wage rates paid to each laborer or mechanic listed in the above referenced payroll, payments of fringe benefits as listed in the contract have been or will be made to appropriate programs for the benefit of such employees, except as noted in Section 4(c) below.

(b) WHERE FRINGE BENEFITS ARE PAID IN CASH

[ ] - Each laborer or mechanic listed in the above referenced payroll has been paid as indicated on the payroll, an amount not less than the sum of the applicable basic hourly wage rate plus the amount of the required fringe benefits as listed in the contract, except as noted in section 4(c) below.

DD FORM 1 NOV 68 879 PREVIOUS EDITIONS ARE OBSOLETE.

ACC 609 (FRONT) REV 3-73

INSTRUCTIONS FOR PREPARATION OF STATEMENT OF COMPLIANCE

This statement of compliance meets needs resulting from the amendment of the Davis-Bacon Act to include fringe benefits provisions. Under this amended law, the contractor is required to pay fringe benefits as predetermined by the Department of Labor, in addition to payment of the minimum rates. The contractor's obligation to pay fringe benefits may be met by payment of the fringes to the various plans, funds, or programs or by making these payments to the employees as cash in lieu of fringes.

The contractor should *show on the face of his payroll all monies paid to the employees* whether as basic rates or as cash in lieu of fringes. The contractor shall represent in the statement of compliance that *he is paying to others* fringes required by the contract and not paid as cash in lieu of fringes. Detailed instructions follow:

CONTRACTORS WHO PAY ALL REQUIRED FRINGE BENEFITS:

A contractor who pays fringe benefits to approved plans, funds, or programs in amounts not less than were determined in the applicable wage decision of the Secretary of Labor shall continue to show on the face of his payroll the basic cash hourly rate and overtime rate paid to his employees, just as he has always done. Such a contractor shall check paragraph 4(a) of the statement to indicate that he is also paying to approved plans, funds, or programs not less than the amount predetermined as fringe benefits for each craft. Any exception shall be noted in Section 4(c).

CONTRACTORS WHO PAY NO FRINGE BENEFITS:

A contractor who pays no fringe benefits shall pay to the employee and insert in the straight time hourly rate column of his payroll an amount not less than the predetermined rate for each classification plus the amount of fringe benefits determined for each classification in the applicable wage decision. Inasmuch as it is not necessary to pay time and a half on cash paid in lieu of fringes, the overtime rate shall be not less than the sum of the basic predetermined rate, plus the half time premium on the basic or regular rate, plus the required cash in lieu of fringes at the straight time rate. To simplify computation of overtime, it is suggested that the straight time basic rate and cash in lieu of fringes be separately stated in the hourly rate column, thus $3.25/40. In addition, the contractor shall check paragraph 4(b) of the statement to indicate that he is paying fringe benefits in cash directly to his employees. Any exceptions shall be noted in Section 4(c).

USE OF SECTION 4(c), EXCEPTIONS:

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination requires is obliged to pay the deficiency directly to the employees as cash in lieu of fringes. Any exceptions to Section 4(a) or 4(b), whichever the contractor may check, shall be entered in Section 4(c). Enter in the Exception column the craft, and enter in the Explanation column the hourly amount paid the employees as cash in lieu of fringes, and the hourly amount paid to plans, funds, or programs as fringes.

Inasmuch as it is not necessary to pay time and a half on cash paid in lieu of fringes, the overtime rate shall be not less than the sum of the basic predetermined rate, plus the half time premium on the basic or regular rate, plus the required cash in lieu of fringes at the straight time rate. To simplify computation of overtime, it is suggested that the straight time basic rate and cash in lieu of fringes be separately stated in the hourly rate column, thus $3.25/40. In addition, the contractor shall check paragraph 4(b) of the statement to indicate that he is paying fringe benefits in cash directly to his employees. Any exceptions shall be noted in Section 4(c).

USE OF SECTION 4(c), EXCEPTIONS:

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination requires is obliged to pay the deficiency directly to the employees as cash in lieu of fringes. Any exceptions to Section 4(a) or 4(b), whichever the contractor may check, shall be entered in Section 4(c). Enter in the Exception column the craft, and enter in the Explanation column the hourly amount paid the employees as cash in lieu of fringes, and the hourly amount paid to plans, funds, or programs as fringes.

INSTRUCTIONS FOR PREPARATION OF STATEMENT OF COMPLIANCE

This statement of compliance meets needs resulting from the amendment of the Davis-Bacon Act to include fringe benefits provisions. Under this amended law, the contractor is required to pay fringe benefits as predetermined by the Department of Labor, in addition to payment of the minimum rates. The contractor's obligation to pay fringe benefits may be met by payment of the fringes to the various plans, funds, or programs or by making these payments to the employees as cash in lieu of fringes.

The contractor should *show on the face of his payroll all monies paid to the employees* whether as basic rates or as cash in lieu of fringes. The contractor shall represent in the statement of compliance that *he is paying to others* fringes required by the contract and not paid as cash in lieu of fringes. Detailed instructions follow:

CONTRACTORS WHO PAY ALL REQUIRED FRINGE BENEFITS:

A contractor who pays fringe benefits to approved plans, funds, or programs in amounts not less than were determined in the applicable wage decision of the Secretary of Labor shall continue to show on the face of his payroll the basic cash hourly rate and overtime rate paid to his employees, just as he has always done. Such a contractor shall check paragraph 4(a) of the statement to indicate that he is also paying to approved plans, funds, or programs not less than the amount predetermined as fringe benefits for each craft. Any exception shall be noted in Section 4(c).

CONTRACTORS WHO PAY NO FRINGE BENEFITS:

A contractor who pays no fringe benefits shall pay to the employee and insert in the straight time hourly rate column of his payroll an amount not less than the predetermined rate for each classification plus the amount of fringe benefits determined for each classification in the applicable wage decision. Inasmuch as it is not necessary to pay time and a half on cash paid in lieu of fringes, the overtime rate shall be not less than the sum of the basic predetermined rate, plus the half time premium on the basic or regular rate, plus the required cash in lieu of fringes at the straight time rate. To simplify computation of overtime, it is suggested that the straight time basic rate and cash in lieu of fringes be separately stated in the hourly rate column, thus $3.25/40. In addition, the contractor shall check paragraph 4(b) of the statement to indicate that he is paying fringe benefits in cash directly to his employees. Any exceptions shall be noted in Section 4(c).

USE OF SECTION 4(c), EXCEPTIONS:

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination requires is obliged to pay the deficiency directly to the employees as cash in lieu of fringes. Any exceptions to Section 4(a) or 4(b), whichever the contractor may check, shall be entered in Section 4(c). Enter in the Exception column the craft, and enter in the Explanation column the hourly amount paid the employees as cash in lieu of fringes, and the hourly amount paid to plans, funds, or programs as fringes.

INSTRUCTIONS FOR PREPARATION OF STATEMENT OF COMPLIANCE

This statement of compliance meets needs resulting from the amendment of the Davis-Bacon Act to include fringe benefits provisions. Under this amended law, the contractor is required to pay fringe benefits as predetermined by the Department of Labor, in addition to payment of the minimum rates. The contractor's obligation to pay fringe benefits may be met by payment of the fringes to the various plans, funds, or programs or by making these payments to the employees as cash in lieu of fringes.

The contractor should *show on the face of his payroll all monies paid to the employees* whether as basic rates or as cash in lieu of fringes. The contractor shall represent in the statement of compliance that *he is paying to others* fringes required by the contract and not paid as cash in lieu of fringes. Detailed instructions follow:

CONTRACTORS WHO PAY ALL REQUIRED FRINGE BENEFITS:

A contractor who pays fringe benefits to approved plans, funds, or programs in amounts not less than were determined in the applicable wage decision of the Secretary of Labor shall continue to show on the face of his payroll the basic cash hourly rate and overtime rate paid to his employees, just as he has always done. Such a contractor shall check paragraph 4(a) of the statement to indicate that he is also paying to approved plans, funds, or programs not less than the amount predetermined as fringe benefits for each craft. Any exception shall be noted in Section 4(c).

CONTRACTORS WHO PAY NO FRINGE BENEFITS:

A contractor who pays no fringe benefits shall pay to the employee and insert in the straight time hourly rate column of his payroll an amount not less than the predetermined rate for each classification plus the amount of fringe benefits determined for each classification in the applicable wage decision. Inasmuch as it is not necessary to pay time and a half on cash paid in lieu of fringes, the overtime rate shall be not less than the sum of the basic predetermined rate, plus the half time premium on the basic or regular rate, plus the required cash in lieu of fringes at the straight time rate. To simplify computation of overtime, it is suggested that the straight time basic rate and cash in lieu of fringes be separately stated in the hourly rate column, thus $3.25/40. In addition, the contractor shall check paragraph 4(b) of the statement to indicate that he is paying fringe benefits in cash directly to his employees. Any exceptions shall be noted in Section 4(c).

USE OF SECTION 4(c), EXCEPTIONS:

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination requires is obliged to pay the deficiency directly to the employees as cash in lieu of fringes. Any exceptions to Section 4(a) or 4(b), whichever the contractor may check, shall be entered in Section 4(c). Enter in the Exception column the craft, and enter in the Explanation column the hourly amount paid the employees as cash in lieu of fringes, and the hourly amount paid to plans, funds, or programs as fringes.

Under this amended law, the contractor is required to pay fringe benefits as predetermined by the Department of Labor, in addition to payment of the minimum rates. The contractor's obligation to pay fringe benefits may be met by payment of the fringes to the various plans, funds, or programs or by making these payments to the employees as cash in lieu of fringes.

The contractor should *show on the face of his payroll all monies paid to the employees* whether as basic rates or as cash in lieu of fringes. The contractor shall represent in the statement of compliance that *he is paying to others* fringes required by the contract and not paid as cash in lieu of fringes. Detailed instructions follow:

CONTRACTORS WHO PAY ALL REQUIRED FRINGE BENEFITS:

A contractor who pays fringe benefits to approved plans, funds, or programs in amounts not less than were determined in the applicable wage decision of the Secretary of Labor shall continue to show on the face of his payroll the basic cash hourly rate and overtime rate paid to his employees, just as he has always done. Such a contractor shall check paragraph 4(a) of the statement to indicate that he is also paying to approved plans, funds, or programs not less than the amount predetermined as fringe benefits for each craft. Any exception shall be noted in Section 4(c).

CONTRACTORS WHO PAY NO FRINGE BENEFITS:

A contractor who pays no fringe benefits shall pay to the employee and insert in the straight time hourly rate column of his payroll an amount not less than the predetermined rate for each classification plus the amount of fringe benefits determined for each classification in the applicable wage decision. Inasmuch as it is not necessary to pay time and a half on cash paid in lieu of fringes, the overtime rate shall be not less than the sum of the basic predetermined rate, plus the half time premium on the basic or regular rate, plus the required cash in lieu of fringes at the straight time rate. To simplify computation of overtime, it is suggested that the straight time basic rate and cash in lieu of fringes be separately stated in the hourly rate column, thus $3.25/40. In addition, the contractor shall check paragraph 4(b) of the statement to indicate that he is paying fringe benefits in cash directly to his employees. Any exceptions shall be noted in Section 4(c).

USE OF SECTION 4(c), EXCEPTIONS:

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination requires is obliged to pay the deficiency directly to the employees as cash in lieu of fringes. Any exceptions to Section 4(a) or 4(b), whichever the contractor may check, shall be entered in Section 4(c). Enter in the Exception column the craft, and enter in the Explanation column the hourly amount paid the employees as cash in lieu of fringes, and the hourly amount paid to plans, funds, or programs as fringes.
